

TVA EMPLOYEES TEAM UP WITH CHAMBLISS CHILDREN'S HOME FOR CHRISTMAS CELEBRATION

TVA teamed up with the Chambliss Shelter in Chattanooga, Tennessee “to make Christmas special for some special local children”. The celebration is "part of a 16-year partnership between TVA's Nuclear Power group and the Children's Home at Chambliss Shelter.” Linda Tonya, TVA Nuclear Power Group, said, "TVA employees purchase gifts that the children need for their classrooms. Everyday school supplies that these children would not be able to have without some help." The children were excited with the new classroom supplies and many wanted to use the materials right away. Everyone enjoyed the party and refreshments plus each child got to visit with Santa Clause. As much as the children enjoy the annual party, TVA’s Nuclear Power group says that they actually think they enjoy the event more than the children do. One of the highlights of the party was when all 35 children had the opportunity to have their pictures individually taken with Santa Clause.
