

New Look for the ATVG Newsletter

During the January meeting several people mention that they were not receiving their quarterly ATVG newsletters. In response to this, you will soon be receiving your ATVG newsletter electronically. The newsletter will have a fresh new look to it and will allow you to directly link to additional information in some articles.

For example, if there is a reminder about a future meeting and the hotel has already been selected, you will be given the site so you can immediately link on to the hotel, make your reservations, get directions, etc. So please take just a minute and check to make sure that ATVG has your correct contact information. Please send any changes to:

membership@atvg.org

ATVG tries to keep its members informed and up to date on any and all important press releases, news items, upcoming issues, etc. regarding TVA. We need you to do your part by making sure that ATVG has your correct contact information. If you have a change of address, phone number or e-mail address, please notify ATVG at: membership@atvg.org
