

2009 TN Green Building Summit

You are invited to attend the 2009 TN Green Building Summit hosted by the Tennessee Energy Coalition and Tennessee Valley Authority, scheduled for September 22, at the Marriott, in Nashville TN.

The objective of the Summit is to provide an opportunity for cities, counties, K-12 education, higher education, state agencies, and a wide variety of other stakeholders to participate in informative sessions on green building energy-related topics. The summit will focus on new funding sources introduced by the State, Energy Efficiency-Incentives and Advice Programs introduced by Tennessee Valley Authority (TVA), the potential for Energy Savings Performance Contracting to create green jobs, and an increased opportunity to upgrade infrastructure through energy efficiency.

The following organizations are assisting with the Summit:

- Association of Tennessee Valley Governments (ATVG)
- Office of Energy Efficiency & Renewable Energy U.S. Department of Energy (DOE)
- State of Tennessee Department of Economic and Community Development
- Nashville Electric Service (NES)
- Southeast Energy Efficient Alliance (SEEA)
- National Energy Services Coalition (ESC)
- National Association of State Energy Offices (NASEO)
- National Energy Services Companies (NAESCO)

The commitment to participate by these organizations indicates just how relevant and timely the focus of this summit is to the success of green initiatives and energy efficiency in the state of Tennessee. You can registration online at <http://www.tngreensummit.com/>.
